

# Food Safety and Environmental Hygiene Advanced Course

## Objective:

To improve the knowledge on food safety and environmental hygiene among food industry practitioners, so that they can take precautionary measures to ensure food safety and reduce the risk of foodborne illness outbreaks.

## Target Group:

Practitioners in the catering industry of Macao, who engage in takeaway and dine-in service, food production and operation, as well as supplying meals service to associations and have completed the “Food Safety and Environmental Hygiene Basic Course”.

## Course Content (Conducted in Chinese):

The 1 <sup>st</sup> session (2 hours and 30 minutes)
Food traceability and management
Food handling and control
Emergency response in times of power outage and flooding
Personal hygiene and the cleaning and disinfection of equipment

The 2 <sup>nd</sup> session (2 hours and 30 minutes)
Implementation of Food Safety Law and food safety standards
Detection and prevention of rodent infestation and environmental hygiene
Waste disposal of food establishments
Knowledge assessment

Duration: a total of 5 hours for two sessions

## Time:

2:45 p.m. - 5:15 p.m.

## Venue:

The multifunction room in the Trade Zone of the Department of Food Safety of the Municipal Affairs Bureau (IAM), located on the 1<sup>st</sup> floor of Iao Hon Hawkers' Building, Macao

## Enquiry and Enrolment:

The course is free of charge, and participants will be provided with course materials. A “Certificate of Attendance” is issued to anyone who has completed both sessions. The enrolment form can be downloaded from the “Food Safety Education & Training” section of the “Food Safety Information” website ([www.foodsafety.gov.mo](http://www.foodsafety.gov.mo)). Fill in the enrolment form and fax it to 8296 1234, or call 8296 1242 or 8296 1231 during office hours for enquiry.
